- Exploitation activities
- Support with intellectual property issues

EU funding opportunities for Research Infrastructures with Horizon 2020

The H2020 related calls for proposals for **Infrastructures** aim to strengthen the **European Research Area** through **networking** and the **integration** of European infrastructures. The objective of Horizon 2020 is to support the set-up of research infrastructures of **excellence** and to foster **innovation**.

Amongst the various **funding opportunities** for researchers, the following calls for proposals are particularly relevant:

- **INFRADEV** (Development and long-term sustainability of new pan-European research infrastructures) : EU budget up to 3 M€ per project | Deadline: 12/11/2019
- **INFRAIA** (Integrating and opening Research Infrastructures of European interest) : Opening of the next call (*Starting communities and New Model*) : 28/11/2019) | EU Contribution up to 15 M€ per project.

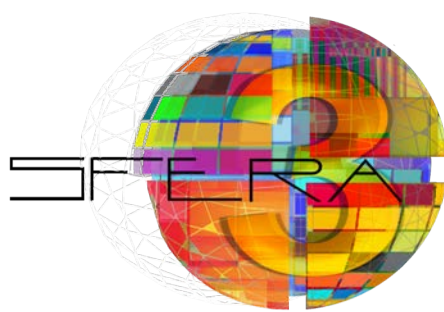

Euronovia: our key figures

- Over **30 projects** supported **each year**, with an **excellent success rate**. For example, in 2018 :
 - **H2020 collaborative projects: 45 %**
 - **Individual projects (SME Instrument, ERC): 25 %**
 - Over **30 M€** earned for our clients

A team of expert consultants in EU projects

- **Graduates** in EU project grant application and management
- Management of **large national** and **international projects**: consortia up to 96 partners, budget up to 22 M€
- **Expert evaluators** for the **European Commission** (Horizon 2020, Erasmus+)
- **Regular training sessions** on EU programmes for public and private organisations
- Privileged access to a **broad** public and private **international network**

Partner in 2 H2020 INFRA projects
for communication &
exploitation of results
